What is Clap Global?

Clap is a unique cultural exchange platform that enables schools to invite international travellers into their classrooms and have meaningful and eye opening conversations with students.

So what happens in a typical Clap Talk?

-  Travellers share stories and pictures about their life, country and culture.
-  Your students get to ask them questions and share their own stories and culture.
-  You participate in raising a more culturally intelligent and compassionate generation.

What students take away?

-  First Hand experience
Real people with real stories. When children attend a Clap Talk, say by a Brazilian traveller, they learn about its people, culture and way of life. Brazil goes from being just a dot on the world map to a place with living-breathing people who could become friends.
-  Clap Curriculum©
During the one hour Clap Session - through the course of the Traveller's Presentation, the Question-Ball Game and the conversations that arise naturally during this time, the Clap Talk is designed to touch upon most of the following topics in the Clap Curriculum:

INTERPERSONAL RELATIONSHIPS	GENDER	HUMAN RIGHTS AND FREEDOMS	CULTURE
ENVIRONMENT	GOVERNANCE	HOUSING AND INFRASTRUCTURE	CONFLICT, WAR AND RESOLUTION
INSPIRATIONS	PASSIONS AND HOBBIES	RELIGION AND COMMUNITY	GEOGRAPHY
JUSTICE	HISTORY	TECHNOLOGY	INNOVATION

Clap Values

We believe, with you, we can build a generation that is significantly more aware and empathetic towards a range of personal, social and shared human concerns by inculcating these values.

-  Curiosity
-  Independent Inquiry
-  Self Evaluation
-  Emotional Intelligence
-  Self Awareness
-  Imagination
-  Joining the Dots
Creating unconventional inter-linkages.

-  Clap Passport
Filled after every Clap Talk™, the Clap Passport is an educational tool designed as a diary of self-exploration and reflection. This helps a child transform their insights into their own unique worldview and philosophy for life.

How does it work?

The school receives a complete Clap Kit™ that has everything needed to curate a fabulous Clap Talk™. Teachers create their date and Clap time-slots. Travellers add their available dates. Through matching of dates, teachers can then browse through profiles and invite a traveller.

Why it's important to start at Pre-Primary?

The aim of a pre-primary Clap Talk is to make an emotional connection with the children. The focus of the Clap Curriculum© at this stage is more on unity than diversity, so that children are able to view people from around the world with all their differences - their accent, colour of their skin and eyes - as their own, their friends. This is the power of a Clap Talk at its absolute simplest!
