

“Education
should not be
preparation of life;
It should be life”

Mrs. Sneha Tapadia

CEO, Jumpstart.

Preschool education and daycares in India are highly unorganised with a gap between knowledge and the way it is imparted.

I studied the ways and methods of a variety of schools with respect to their modus operandi, systems, operations, management and most importantly, the curriculum and its execution.

I learnt to fill this gap through adapting the right facilitators, teaching methodologies, proper infrastructure and modern technology to prepare a conducive learning environment for children.

Mr. Aditya Tapadia

Director, Jumpstart.

As a child who was always labeled in school, Aditya realized the need to start a school which can preserve the uniqueness of every child and make sure every child is treated with respect, love, care and affection. Jumpstart has been born out of his passion and vision to create a better future for our children where every child is respected and admired for their uniqueness.

He is also the territory head for Early Childhood Association of India which is a national association.

As a family, we have always supported education. By working with such young children we are working at the grass root level of the society. The thought that the actual paradigm shift in the society can be brought by giving the right education to the children, made us start with this venture. It is a work of great responsibility to empower the children with the right tools and thereby shape the future of tomorrow.

WELCOME TO JUMPSTART FAMILY!

Vision:

"We are a team of highly motivated individuals, managing the most preferred chain of preschools in early childhood education by engaging the children in experiential learning and with the usage of the latest technology. We partner with the parents and treat them as active participants in the development of their children, resulting in creation of unyielding foundation for the children to carve out their future."

Mission:

The mission at Jumpstart Preschool, Daycare and Activity centre is to focus on the holistic growth and development of the children and to provide quality education to the children and to provide a safe and nurturing environment where the children are comfortable to learn.

Our approach towards children:

We endear

We at Jumpstart believe that each child is unique and special in their own little ways. They are a blessing to our society and we at Jumpstart **endear** them the way they are.

We enlighten

We at Jumpstart believe that children are the future of tomorrow and they need to be given the right knowledge and information at the right time. Children are great imitators and we need to give them something great to imitate. We **enlighten** them to become better global citizens.

We enliven

Children are a treasure house of sympathy, kindness, generosity, curiosity, love, innocence and happiness. Our effort at Jumpstart is to **enliven** our children to unlock this true treasure.

Our education philosophy:

Multiple Intelligence Approach
(Howard Gardner)

Play Way Method
(Friedrich Froebel)

Montessori Method
(Maria Montessori)

Project Method
(William H. Kilpatrick)

Experiential Learning
(John Dewey)

Glenn Doman Method
(Glenn Doman)

Interactive, informative theme oriented flooring and walls with graphics and colours that children respond to.

Hi-tech, multi-touch, large screen interactive educational learning equipment with many educational apps and games.

Social responsibility:

- ★ We teach our little young ones about obeying traffic rules and road safety and wish to get a change in the way citizens follow traffic rules.
- ★ We believe in keeping our environment green and clean. We have been planting trees and have been promoting camps to plant more trees.
- ★ We believe that water is precious and therefore have invested in rain water harvesting.
- ★ We believe that we need to do something for the lower income strata of our society and so we organise free English Training Camps for them.
- ★ We are passionate about children and therefore have an array of activities to create social awareness about issues related to children such as nutrition for young children, emotional and physical problems in young children, child sex abuse etc.
- ★ We conduct regular health check up and dental check up camps free-of-charge.

360° PROGRAM

Vacation Camps

Camps conducted during vacations have different activities like storytelling, dramatization, physical activities, games, music, movements, creative activities, science experiments, cooking etc.

Mother Toddler Program

Mother-toddler relationship is possibly the best in the world and we feel privileged to strengthen it through our exclusive program. Designed by experts, our program will help develop the cognitive, physical, language and social skills of children as they grow.

Age: 6 months to 2 years

Duration: 5 months, thrice a week

Time: 1.5 hours

Other Activities

At Jumpstart our constant effort is to develop the child holistically. Exposure to varied activities other than school make the children more confident, more inquisitive and also more social as they interact with other children.

We offer varied activities like

- **Helen-O-Grady**
- **Dance class**

* The above programs are subject to change and are center specific.

Teachers' Training Program

Teacher is the creator of future. Jumpstart Teachers' Training Program is for all passionate women who want to be part of nurturing young minds in special ways and become catalysts in their growth and future well being.

Duration: 6 months

Learning Center

Jumpstart **Learning Center** is a "HOME AWAY FROM HOME" for the children. At Jumpstart Learning Center maximum efforts are taken to make the environment comfortable, safe and hygienic for the child so that it is an extension of home for them. It is also a revolutionizing child development center which has been developed on the premise that each child is unique; each child is a genius and that each child is special. Learning not only happens through lots of activities and play but also through interaction with children of varied age groups.

We work from Monday to Saturday from 9.00 am - 7.00 pm

Age group: 6 months to 10 years
